Heizer Defense will “make you go WOW” at NRA Show says Indianapolis Star

Pevely Missouri 04/29/2014

Heizer Defense the designer of the PS1 “Pocket Shotgun” Pistol, the PAR1 Pocket “AR” Pistol, has received more recognition for innovation and excellence in design. Both pistols also have a “Hedy Jane” version designed especially for women. During the NRA Show, the Indianapolis Star Tribune canvassed exhibitors and selected Heizer Defense.

Tom Heizer, Principal of Heizer Defense noted “We were pleased that the Indy Star recognized Heizer Defense as a “WOW product” at the NRA Show. The PS1 and the PAR1 Pocket AR Pistol had an unbelievable response from the NRA members. There is nothing else like it in the industry and our pistols have all these features that no other company has, like certified USA stainless steel, trigger on roller bearings, snag-free design, radiussed grip and of course the ability to shoot 45 Colt/.410 or .223 comfortably”.

Hedy Heizer Gahn, Principal of Heizer Defense added, “We were swamped every day with consumers as well as dealers at the show. Of particular interest was the “Hedy Jane” line which featured multiple colors across both PS1 and PAR1. The women attending the show really loved the multi-colored firearms”.
